“Vincent Daher made an indelible impression on the Athletic Department, Social Studies Department and Phoenixville Area High School in general, including the Administration. Coach Daher brought the first Ches-Mont Football Championship and Division Baseball Championship to Phoenixville. He was responsible for building the press box at Washington Field. He made communication possible between coaches in the press box and coaches on the field and also was the first to film games. Mr. Daher had a great influence on the history department at Phoenixville and on all curriculums as he rose to the position of Principal. As important as sports were to Mr. Daher, scholastics were always his first priority. Mr. Daher was well known as a friend of Phoenixville and was loved by the thousands who had the good fortune to know him as a teacher, a coach, a colleague or friend.”
